

CNC Router/Panel-Press Operative

This is an excellent opportunity for a CNC Router/Panel Press operative to join our team. The duties include but are not limited to the following:

- Operation & set-up of CNC machine daily
- Loading and unloading of materials
- Produce drawings / templates using the V-Carve software when required
- Ensure materials are checked for size, thickness and grade, prior to cutting and inform the Line-Manager of any quality concerns
- Be responsible for quality of materials that have been cut on the machine.
- Deliver materials and assemblies to the Fabrication Department and assist them when required
- Ability to read and understand vehicle specifications and CAD drawings
- Ensure that materials are produced to the correct specification to meet customer/vehicle requirements
- Quality checking and fault identification
- Delivering a high standard of work whilst ensuring deadlines are met
- Comply with all Health & Safety requirements and standards

Skills and Experience:

- Knowledge of using V-Carve software (preferred but not essential)
- Ability to work independently without supervision and as part of a team to achieve productivity goals
- Correct use of PPE
- Physically fit – able to load and unload materials onto the bed of the machines.
- The role will require good physical strength as carrying, lifting, pushing, and pulling will be required
- Responsible for keeping a clean, safe, and organized work environment
